COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, MARCH 24, 1909.

NUMBER 20

## MR. J. S. STAPP.

### A Prominent, Esteemed Citizen Pays The Debt Due From all the Living.

#### INTERMENT AT PROVIDENCE CHURCH.

Sandskey Bros., are now doing business in their large, new building erected for the purpose for which they are engaged, preparing lumber for the builders use. There is not a better equipped plant in planing mill machinery in this part of the county and they understand exactly how to operate every machine to obtain best results. In addition they have installed a machine that bakes the heart out of small poplar logs which make the very best columns. In this enterprise Mr. Ray Conover is a partner and no one delights more in seeing the saws take wood than he. The equipments are good and all parties connected with the plant enjoy the confidence of the people of this section.

Sullivan Short, a boy fourteen years old, was tried in the Cumberland circuit court, last week, for shooting and killing a school girl younger than himself. The jury brought in a verdict for \$250 and confinement in the county jail for one year. Judge Baker, who tried the case, changed the verdict to read, two years in the House of Reform. In the case of the Commonwealth vs. Henry Nunn, charged with being accessory to the killing of Tom French by Basil Ashenherst, a change of venue was granted and the case goes to Monroe county.

The Northern Poultry & Egg Co., is another enterprise just started in Columbia. It is a company backed by an abundance of means and it is here to stay. The company has in its employ good business men, who will make an effort to please every body with whom they deal. They have offices at Columbia, Cane Valley, Campbellsville and Greensburg. Mr. R. B. Wilson is the general manager of the business in Adair county. Mr. Coy E. Dudgeon is in charge of the house at Columbia.

Ernest Harris, the second son of Mr. and Mrs. C. S. Harris, died of the misfortune to get his right ankle badly hurt last Saturday. He was on the farm hauling a log. The log struck a stump, throwing it against him, spraining and bruising his ankle very badly. He has been a great sufferer since the accident, but Dr. Criswell thinks he will be all right in a short time.

Mr. W. R. Myers met with a serious accident last Saturday. He was at his mill, sawing a plank when a piece of the board flew off, striking him between the eyes. The bridge of his nose was broken and his left eye considerably injured. Dr. Criswell attended to him, and he reports his patient getting along nicely and that there will be no serious results.

The people who have said they wished Bob Wilson would buy poultry and eggs all the time, the year around, can now patronize him by selling to the Northern Poultry & Egg Co., located at Columbia, Cane Valley, Campbellsville and Greensburg, as he is manager of Adair county part of the business. (20-2)

The little daughter of Mr. and Mrs. George Burton of Gentry's Mill, died last Sunday of double pneumonia. The body was buried in the grave yard at Bear Wallow near their old home. The little one had only been sick about two days.

Bring your poultry and eggs to the Northern Poultry and Egg Co., and get the highest price, whether at Columbia or their Cane Valley house. Coy E. Dudgeon, Manager, Columbia, 20-2t R. B. Wilson, Cane Valley.

Mr. Geo. T. Flowers, Jr., has withdrawn from the race for Sheriff. He requests the News to state that he is very thankful to all those who have promised him their support.

I have plenty of fertilizers for corn and tobacco ranging in price from \$1.00 to \$1.60 per hundred. If you need any call and see me near the Columbia Roller Mill. Solomon McKinley. 20-3t.

Rev. L. T. Reeves, of Louisville, filled his regular appointments at the Baptist church last Sunday forenoon and evening. Good congregations were out.

The opening game of Base Ball for this season will be played at the Lindsey-Wilson grounds Saturday. L. W. T. S. vs. B. C. I., Cville.

Mrs. Cecil Hurt and Mrs. Emma Eubank will be ready for their customers the latter part of this week. Ladies are invited to call and see their elegant line of hats.

A twelve year old son of Mr. C. C. Baker died at Burksville last week. He was a great nephew of Judge H. C. Baker, and closely related to the Herford family, this place.

We are ready to buy and receive your poultry and eggs and will pay the highest market price. Located in the Sinclair building. The Northern Poultry and Egg Co., Columbia, Ky. 20-2t

Montpelier Mill Company grinds and crushes corn every day. Exchange flour for wheat. Flour and ship stuff for sale. Pay \$1.10 for good wheat. Montpelier Ky. 20-4f.

Mr. M. A. Monday, of Knifley, will sell his two fine young Stallions, Rex Paul and Colonel Peacock, in his sale on April the 3rd. Both are very fine but Rex Paul has never been defeated in the ring.

Young & Coffey left here last Friday with five good horses which they had entered in the Huntsville sale which takes place today. They were accompanied by A. Huns and Son with three head of horses.

Hours are almost years to those who have suddenly been made unhappy. The heart that feels the most is like a man trying to testify over the grave of a dear one. His utterances are choked and his reason halts.

Several letters came in too late for this week's paper. Among the number was an interesting communication from Rowena. They will appear next week. Letters should be mailed so as to reach us not later than Friday or Saturday.

Persons who are contemplating taking out life insurance should see J. E. Murrell or John Lee Walker. They represent the old reliable Connecticut Mutual, organized in 1846, the best dividend paying company doing business, Call and see either of the above named persons for information.

I am agent for the J. R. WATKINS REMEDY COMPANY and will furnish you extracts, spices, stock and poultry tonic and many other invaluable remedies needed in the home all guaranteed pure. I will call to see you or you can get them from J. H. Pelley, Columbia. (17-1m) Yours Truly, John B. Grant

The hand was reorganized a few days ago. Mr. E. L. Peese and Edwin Hurt being two new members. Mr. Geo. W. Lowe has been employed as instructor. New music will be written, and during the Spring and Summer evenings the town may expect to be enlivened with some excellent music. Mr. R. Mont Peese was elected President and business manager by a unanimous vote.

Mr. Clayton M. Wheat, who was born and reared in Columbia, in a residence which stood where Mr. Frank Sinclair's business house is located, died in Dallas, Texas, two weeks ago. He was about eighty years old. He left Columbia when he was a young man and had been living in Texas for many years. He was the son of Milton P. and Rebecca Wheat. His father was one of the first merchants of Columbia.

A Republican Senatorial Convention will be held at Jamestown on Monday, April 25, to nominate a candidate for the State Senate. County mass conventions will be held on Saturday, April the 24th to select delegates to said convention. The district is composed of the following counties: Adair, Cumberland, Clinton, Russell and Wayne. Hon. L. T. Neat is an announced candidate from Adair.

Kentucky, Adair County. County Court Jan Term; Jan. 4th, 1909. Upon motion of J. E. Burton it is ordered by the Court, that voting precincts No. 12 and 14, known as Raley and Egypt be changed as follows: Beginning at Henry Corbin's farm on Green River excluding him, thence to a straight line to and excluding Wm. Corbin, thence a straight line to the Sinclair's Island on Green River. A copy. Attest, T. R. Stults, Clerk.

Mr. J. A. Whitney, who is engaged in the timber business in this county, brought a Barlow knife, to the News that was found in a poplar tree, thirty-six feet from the ground. It was imbedded in the tree, the handle part of the handle having rotted off. The tree in which it was found was cut by Mr. Asure Damon. The knife had evidently been in the tree for ages. It is at this office and the owner can call and get it.

## The Union Revival Services.

The Pastors all made favorable mention of the approaching Evangelical meetings on last Sabbath. The duty of prayerful preparation was urged upon the several congregation. It was announced that the union prayer meeting would be held at the Christian Church this week. The Rev. Johnson will lead the meeting. There will also be a ladies prayer meeting at the Presbyterian church on Thursday afternoon 7 o'clock, to which all ladies of the town are invited. Mrs. H. A. Walker will lead the meeting.

A Committee appointed by the several churches will meet for conference at the close of the Wednesday evening prayer meeting. This committee will have full charge of the music and the organization that will be necessary to accomplish the best results. The new songs books are expected to arrive at a early date. The singing will be most attractive and helpful part of the revival. All who can and will take a part in singing are cordially and heartily invited to do so.

On next Sunday evening the congregations will unite their services at the Presbyterian church, Rev. Z. T. Williams to preach the sermon. It is altogether probable that the local ministers will continue the services from that date until the coming of the Evangelists on Wednesday and Thursday of next week. When the attendance shall reach the limit of the church's capacity the services will be conducted in the Court-house. With a united praying people—earnestly working for the Master's Kingdom—a great victory for the cause of righteousness will be the result. May there be no faltering on the part of God's chosen people.

M. Rey Taberby.

## Eloped to Tennessee.

Last Saturday Mr. Henry Squires who lived near Columbia, and who recently returned from Texas, and Miss Lula Dunbar, of Knifley, a daughter of the late Pink Dunbar, eloped to Tennessee and were married. Mr. Cassie Breeding and wife accompanied them. (Tuesday) morning the party, on their return, had reached Huntsville, and by the time this notice reaches our readers they will be at home. The groom is an industrious young man and the bride a popular young woman. They will doubtless be forgiven.

## Morgan Hutcherson.

The following invitation has been received at this office:  
Mr. and Mrs. T. C. Morgan request the honor of your presence at the marriage of their daughter, Mildred

to Mr. Gaiher Cord Hutcherson Wednesday, March twenty-fourth, One thousand nine hundred and nine at seven o'clock a. m. Ulysses, Neb.

The groom has a number of relatives in Adair and Green counties, and visiting here about two years ago.

## Milkmaid's Convention.

The Milkmaid's Convention held at the Court-house last Friday evening drew a very fair crowd, notwithstanding it was an inclement night. It was an entertainment full of fun each delegate playing her part to perfection, not perfunctorily, but in a manner to frequently bring down the house. Mrs. Roenfield was Chairman. Mrs. was somewhat gracefully in her rulings, but the delegates gratefully submitted. Credit for this very enjoyable meeting is due Miss Nettie Clark.

## Have Seen Seven Generations.

Mrs. W. P. Lloyd, of Cumberland county, who is eighty eight years old,

is still as vigorous in mind and body as most ladies of fifty. Counting herself, she has seen seven generation of her family, viz: Her great grand father, her grand father, her mother, a son, a grand daughter, and a great grand daughter.

Remember the Double-Header at L. W. T. S. Park Saturday. Admission 25c. Lindsey-Wilson vs B. C. I. Cville.

Mrs. Linda Sneed died in the Sparksville county a few days ago. She was about twenty years old, a victim of consumption.

Mr. N. M. Tutt is having a brick veranda built in front of his residence which will greatly improve the appearance of the home.

The Pioneers fence sold for 25 to 40 cents per rod at E. L. Sinclair, Co., Columbia, is the fence to use. 19-2t

The city authorities have received a large consignment of tiling and the Town Marshall, Mr. J. A. Willis, is now busy putting it down in needed places.

The Republican aspirants are now shaking the bushes. Farmers have decided not to tell any trees until after the 24th of April, fearing that a candidate might get killed.

Mr. S. D. Barbee purchased last week the cottage on the street leading to the cemetery, and opposite the home of Mr. E. L. Peese, from Mr. R. G. Payne for \$400. It was a cash transaction.

Mr. M. W. Garrett, who lives in Taylor county, and Miss Millie Bault, of the Mt. Carmel locality, this county, secured license from Adair county clerk's office last week and were married.

The pike from here to Campbellsville is in rather bad condition in places, but the county does not deserve credit. There is no way to make it so good as heavy hauling over it, and as long as hot hauling is kept up the pike will be cut, notwithstanding fresh rock are put on almost constantly.

There was a great deal of ground turned in Adair county last week. For the next month farmers will be scarce about Columbia, consequently business will be dull at the general stores. Complaint, however, will be made by the business men of Columbia. They are anxious for the farmers to get in their crops, and rejoice when favorable weather for their work comes. Every body depends upon the farmer. When he prospers all other classes of business are in the same boat.

The April number of the Woman's Home Companion is a thing of beauty and should be preserved on account of the artistic taste displayed. The writers for this magazine are the very best that can be secured. The matter it contains monthly is wholesome and instructive, the stories being the most entertaining. This magazine should visit every home in this section of Kentucky. Send 15 cents for the April number, and we feel sure you will become a regular subscriber. It is \$1.25 a year. Address The Crowell Publishing Co., Springfield, Ohio.

Mrs. John Breeding has a pater bowl that is known to be one hundred and fifty years old and it looks as well as if new. It was a wedding present given to her grandmother, Mrs. Elizabeth Carter, who was married in Petersburg, Pa. one hundred and fifty years ago and was presented by her mother. It was made in England and is yet a bowl of considerable weight. It has been in this State near one hundred years and was brought here by the one who received it as a present. It is highly appreciated by the present owner as a relic that has been kept by the family so long, and doubtless when the next century and a half has passed, it will still be in the possession of some descendant of the same family but of more interesting history.

## A POLITICAL LIE.

To whom it may concern:  
As usual as any election approaches the unscrupulous little two by four would be politicians begin to think of some way that they can figure prominently in electing or defeating some candidate. Such has been the case in this end of the county. It has been told and is being circulated that provided that W. J. Bottom is nominated and elected by the Republicans for Assessor of Adair county that I would be his deputy. The person who started this lie be Democrat, Republican or Flat-earth, knows full well, deep down in his cowardly little heart that he stumped as black a lie as his satanic nature would let him tell.

I am a Democrat and would not accept a deputyship under a Republican, under any circumstances and knowing Mr. Bottom as I do, know that he would not have a Democrat deputy under any circumstances and the person who started this told a knowingly and willful lie.  
Respectfully,  
C. G. Jeffries, Knifley, Ky.

## Notice.

To Farmers and Stock raisers of Adair and adjoining counties: I have purchased since last season another very fine Jack. I doubt his equal being in Adair or adjoining counties, also a Red Bird Stallion, which will be registered this spring. You all know the reputation of the Red Birds. He has the size, color and color of a Red Bird. I now have five head, two good horses and three good jacks. Thanks for past favors, with good will and kind treatment for the future. Come and see for yourself.  
Very Respectfully,  
SOLOMON McFARLAND,  
Cane Valley, Ky.

Mr. Silas Stephenson, of Rowena, Ky., son of Mr. and Mrs. J. M. Stephenson, and Miss Emma Vaughan, daughter of Mr. and Mrs. W. J. Vaughan, of the same community, were recently happily married at the home of the bride in the presence of a few relatives and friends. Dr. J. L. McClendon acted as best man and Miss Minnie Galloway officiated. After the ceremony the couple and bridal party repaired to the home of the groom where a bountiful repast was served. The groom is a prosperous young farmer and the bride a special favorite.

## Valuable Farm For Sale.

I will sell my farm, lying in east end of Adair county, at Montpelier, containing 200 acres, 55 or 90 acres in fine timber, balance in good state of cultivation. A good two-story dwelling and one good two-story business house. Out buildings good. The tenant house. The premises are fenced and cross fenced—plenty of good water. Price, \$10,000. Go and see for yourself. I might consider a timber deal. Mrs. E. B. & Sam L. Wiest. 14-8t Irving, Texas.

Union prayer meeting at the Christian church this (Wednesday) night, led by Rev. Johnston. The union meeting at the Baptist church last Wednesday evening was well attended and there were a number of very helpful talks. The services are being held preparatory to union revival meetings which will commence at the Presbyterian church Wednesday evening the 31st inst. Let every body attend the prayer services and be ready to work when the revival commences.

Mr. Frank Cox, son of Mr. and Mrs. Charley Cox, died at his late home, in Campbellsville, last Wednesday afternoon. He was about twenty-six years old and was a young man of exemplary character. During Mr. Creek Haines lifetime, young Cox often accompanied him to Columbia. The deceased was a victim of spinal trouble, and had been afflicted for more than a year.

The union meeting at the Presbyterian church will commence Wednesday evening the 31st of this month. Evangelist Hendricks and his sinner are expected to reach Columbia on that date. Every body is expected to attend these services. A special invitation is extended to people living out of town.

### KEEN IMAGINATION.

The Way One of His Lectures Affected Louis Agassiz.

Children are not the only holders of the precious key of the imagination. The finest minds often keep the power of "make believe," much to their own and the world's benefit. That such a possession coupled with ardent enthusiasm makes demands on the nerves and strength is shown in the following anecdote, related by the late Henry Daniel Conway in his autobiography. He was at one time a pupil of that famous man of science, Louis Agassiz.

One particular lecture Agassiz devoted to displaying some fossils of saurians, newly come into his collection. He made the subject a text for a general review of the chain of reptilian life.

As he proceeded, darting off to the blackboard to illustrate, comparing the extinct with the contemporary fauna, he became more and more animated. His face reddened with excitement until at last he said:

"Gentlemen, I ask you to forgive me if today I end the lecture at this point, although the hour is not out. I assure you I have been describing these extinct creatures until they have taken on a sort of life. They have been crawling, hissing, darting about me. I have heard the cringing and hissing until I am really exhausted. I regret it, gentlemen, but I trust you will excuse me."

Our admiration for the grand teacher was such as to make us break through all rules, and we gave him a hearty cheer. He bowed low to us and quickly disappeared.

### EYE EXERCISE.

One Method by Which Poor Vision May Be Improved.

"Have you a high roof?" was the apparently irrelevant question put by the distinguished oculist to the woman who had complained of having bad eyes. "Higher than the roofs of the surrounding houses?"

"Oh, yes," said the woman. "A good deal higher."

"Then what I want you to do," said he, "is to go up there every day and look around for half an hour. That will do you more good than glasses. One trouble with your eyes, and with many pairs of eyes in New York, is that you exercise them so little at long range. They are used to looking at short distances only. Long distance looking is good for eyes. Persons who habitually have a wide expanse of sea or plain to gaze upon very seldom have weak eyes. Of course you cannot move out to the plains, neither can you spend a life on the ocean wave, but you can let your sight travel across the Hudson river every day, and I advise you to do it."—New York Press.

### Vagaries of Memory.

The vagaries of the old man's memory are indeed curious. Lord Loughborough told Sir Mountstuart Grant Duff that he had once been present when Lord Lyndhurst and Dr. Lushington were asked what was the most interesting thing that they remembered. "Oh," said Lyndhurst, "undoubtedly the day which I spent with Washington at Mount Vernon." "Oh," said Lushington, "undoubtedly the week which I spent with Burke at Beaconsfield."

Naturally they were asked to tell something of what had passed on these occasions, but neither of them could remember anything whatever. There is much to be said for assisting the memory of good things with a diary, as Sir Mountstuart himself did. —London Chronicle.

### Paid For a Peep at Royalty.

In the eighteenth century the Londoner could look at royalty on Sunday for a modest fee. In a guide to London, published in 1767, it was said, "At St. James' chapel royal by knocking at the side door and slipping a shilling for each person into the hands of the vergers who opens it you may have admittance and stand during divine service in the presence of their majesties, and for a shilling each person more you may sit in their royal presence, not in pews, but in turn-up seats on the side of them."

### A Vague Idea.

During his first visit to a farm little Willie came into the house crying softly.

"What is the matter, dear?" asked his mother.

"I went out to see the cows, and they didn't give nothing but milk," sobbed the boy.

"What did you expect?" inquired the mother.

"I'm not sure what I expected," replied Willie, "but, mother, where does beef tea come from?"—Judge.

### A Hint.

"Yes," said the young student thoughtfully, "when I get interested in a subject I never stop until I have embraced it thoroughly."

"That's nice," was the hesitating reply. "Do-do you think I'm an interesting subject?"

### Great Expression.

"They tell me, Grimsby, that your daughter sings with great expression." "Greatest expression you ever saw. Her own mother can't recognize her face when she's singing."—Home Herald.

### Insects' Wings.

The wings of the housefly vibrates 333 times a second; those of the honey-bee 440.

Every one complains of the badness of his memory, but nobody's of his judgment.—La Rochefoucauld.

Editor News:

On Thursday December 10th, 1908, we left Coke county, Texas. It was a lovely afternoon and as we met quite a lot of friends and neighbors we did not go a great distance till we camped for the night.

The next morning we started again, crossing into Mitchell county, and on the following evening, (Saturday,) we reached the county seat, Colorado City.

Here my uncle shipped his farming implements, and the writer bought a fine gun, and after obtaining necessary provisions we drove out of town and camped near the Colorado River.

From Colorado City we took a north-west course, passing some of the best farms in west Texas.

After crossing the south-west corner of Scurry county we entered Borden county, and saw nothing in the way of industries but stock raising until we got near Gail, the county seat, which has a population of some 200 people, together with a grocery and dry goods store, post office, blacksmith shop and a news paper—yes, and a jail consisting of a dugout covered with sheet iron.

Twelve miles from Gail we paid our last respects to every stick of timber except fence posts, and then went upon the Cap Rock, then we were actually on the Plains.

Keeping our north-west course we entered Lynn county and came to Tahoka, the county seat. Now here is a little town only five years old that is an example for any town of three times its age.

We spent one night in Tahoka. A "blizzard" caught us here but we resumed our journey; but taking a course almost westward until we came to a little place called Meadow, in Terry county. Here we spent two days, and I must say that I have never spent the same length of time in a finer looking country.

From Meadow we again took a north-west course, stopping across the line in Hockley county, at the "K" ranch to get information in regard to roads.

After passing the "K" ranch

we struck the old "Seneca Trail" leading to the head of the "Yellow House" Canyon on the "Yellow House" ranch and located in the north-west corner of Hockley county.

Here I saw my first salt lake, it contained several hundreds of acres of land but was dry.

We went across Cochran county into New Mexico. For game we had Mexican quails, Bob White, Antelope and Coyote Wolves for sport.

Well Mr. reader, guess what we did for wood. I will close.

### Permelia Lee Patterson.

How sad to think we have no grandmother now. She died February 24th, 1909.

Tis under as heavy a cloud of sorrow, seemingly, as could overshadow humanity, with a grief-stricken heart and a tear-dimmed eyes, that I try to write this in memory of our grandmother.

The melancholy intelligence of grandmother's death has grieved me more than I can express, and I beg to render you my heartfelt sympathy.

Truly we live in a world where solemn shadows are continually falling upon our path—shadows that teach us the insecurity of all temporal blessings, and warn us that 'here there is no resting place.'

But this should comfort us, knowing that grandmother's whole faith was in Christ Jesus, and her last sweet words were 'that she did not dread death in the least, that Christ had paid the debt.'

She was ready for the Master's call; and while it is hard to give her up, it is a consolation to know that she is numbered with the Angels in that Celestial City where there is no sickness nor death.

We speak of death, but really there is no death for those who die in the Lord.

It is only a separation from a sinful world to be received and crowned in the heavenly home.

Was it not for the thought that we can go and live with her in a better world than this.

How could we bear it?

Grandmother, thou hast left Children, grandchildren and all: To share the joys with grandfather in the beautiful home above.

A loving grand-daughter,

### A Few Spraying Don'ts.

Don't fail to spray every season. It is impossible to determine in advance whether or not the plant or tree will be attacked. Proper spraying is never injurious.

Don't wait till the fungi has attacked plant or tree; the fungicides are merely preventives and should be used early in the spring. After the disease has developed, it may be too late to save the plant.

Don't spray during or just after a shower, or when there has been a heavy dew. Much of the solution will be washed off or it will collect in spots. Wait till the leaves are dry. Poison is more effective when applied to the leaves when dry.

Don't spray on top of the leaves only; spray the under side where the pest hide, and be particular to keep your liquid thoroughly agitated.

Don't put your sprayer away after using it until you have thoroughly cleaned out all the spraying mixture. If this is left in the pump will be injured and the glands and valves clogged.

Don't spray only the trees from which you expect to get marketable fruit. Spray all the trees, otherwise the trees you go to the trouble to spray early in the season may become infected later by the unsprayed trees. "An ounce of prevention is worth a pound of cure"

### A Tariff For Revenue.

The Democratic party for many years advocated a "tariff for revenue. This phrase was bitterly attacked by the Republican party who took the position in many platforms that it favored a tariff for protection. Has the Republican party abandoned another one of its cardinal doctrines and again accepted another of the well known Democratic principles? It looks very much like it. Here is what President Taft said in his inaugural address, "in the making of a tariff bill the prime motive is taxation and the securing thereby of a revenue." This is taking "the last button off of Job's coat." Having taken from the Democratic party, "railroad regulation," "income tax," "destroying trusts" now it has appropriated the last doctrine which distinguished Democracy from Republicanism, tariff for revenue. Well, they are welcome to it if they give it to us.—E. Town News.

## ANNOUNCEMENTS

FOR COUNTY ATTORNEY.

We are authorized to announce Hon. M. Rey Yarberry a candidate for County Attorney of Adair, subject to the action of a Republican primary to be held Saturday, April 24th.

Hon. M. Rey Yarberry announces his candidacy for County Attorney of Adair in this issue of the News, subject to the action of a Republican primary to be held Saturday April 24th. Mr. Yarberry is known as an excellent gentleman throughout the county. He was born in Cane Valley precinct, studied law and graduated at the George Washington University, Washington, D. C.; received instructions from such eminent Jurists as John M. Harlan, David J. Brewer, of the Supreme Court of the U. S.; was admitted to the bar in 1903, and is also a member of the bar of the Court of Appeals of Kentucky; was assistant Elector for the State-at-large in the campaign of 1896; Alternate Delegate from the State-at-large to the National Convention in 1908. The only elective office with a salary attached ever held by Mr. Yarberry was a member of the Kentucky Legislature during which time he served as the only Republican on the Gobel-Taylor Contest Committee. He was Chairman of the Republican party of this county for the past six years and has been an active Campaigner for sixteen years past, during which time he has been called into close Districts such as the 9th and 10th to contribute his aid to the party. That he is thoroughly prepared to discharge the duties of County Attorney is not a question in the minds of any one and that his active, persistent battles made for the advancement of his party are sufficient proof of his political devotion can not be questioned. As a man he stands without the stain of a bad habit, and his education and preparation for life's work, achievements of his own energy and talents, are evidences of his activity in every line of work in which he has engaged. In the position in which he has worked for the Government he has filled to the full satisfaction of those who employed him. He submits his desires to the Republicans of this county under the promise that he will do his whole duty if nominated to win, and if elected will not shirk a duty in the honorable discharge of the business which would officially come to him.

Governor Wilson, in his reply to the Anti-Saloon League asking that he call an extra session of the Legislature for the purpose of passing a uniform County Unit Local Option Law, answers in no unmistakable

terms. He refuses to make the call on the grounds that no extraordinary condition exists. He states that neither he nor his party was pledged to Prohibition in the last State election and that he declared plainly in his opening speech at Maysville that he was not for Prohibition. It will be remembered that the Republicans in that campaign openly asserted that Mr. Wilson and his platform were with the Anti-Saloon people, that his election was the salvation of the cause. In his opening speech he said that he was for the County Unit, the precinct and city, if our memory is correct, and we stated at that time that his position was an open endorsement of the Liquor interests, but it was not so accepted or construed by the temperance Republicans, the Anti-Saloon League and the disgruntled element in general. At that time it was known that the Liquor people were outspoken and active for Mr. Wilson's election and yet the temperance people joined in. Since then they have been consistent that the Governor call an extra session of the Legislature to carry out their purpose which he flatly and bluntly refuses to do. We believe the Governor is well in the keeping of his party pledges, that he nor his party is committed to the proposed legislation and that constitutionally he is acting correctly. The Anti-Saloon League ought to keep itself unspotted from political parties, and its failure to get the measure it desires is a just payment for its alliance with the Liquor interests in the political campaign that defeated the party and nominees that were pledged to carry out the great fight it had so successfully begun.

The extra session of Congress, convened has some extra work to perform if it proves of any great worth to the country. Its convening was mainly to revise the Tariff, but it will also be necessary to create additional revenue to meet the enormous expenses of the Government that has been producing heavy deficits for the last two or three years. The Tariff bill has already been prepared and is in charge of the committee. With it is carried an inheritance tax, and the issuing of more bonds to clear up the deficit. Now in the days of Grover Cleveland an issue of bonds happened and the Republicans proclaimed destruction and incompetent management. In the days of Teddy—the terrible—a bond issue was made, but the Protectionists failed to howl. Now in the bud-hood of the Taft reign a bond issue will happen, and see with what a relish the Republicans will accept it. Just how much the Tariff will be revised cannot be stated and what will be done to lift the burden from the backs of the great common people is likewise unknown. Instead of a Government by the people and for the people it has some appearance of strictly a bonded proposition.

Capt. Thas. C. Jones, who was an Uncle of the wife of former United States Senator Wm Lindsay died at Frankfort last week. He was seventy-three years old, was a gallant soldier in the Confederate army, and after the close of the war became prominent in Kentucky politics. He

served 6 y'rs as cl'k of Court Appeals, and for several years was Consul to Funchal, Madeira Islands.

D. B. Cooper and Robin Cooper, charged with the murder of the late ex-United States Senator E. W. Cormack, were given twenty years each in the penitentiary. An appeal will be taken and until the decision of the higher Court the Coopers will be at liberty, on bail, in the \$25,000 each. Sharp, who was also indicted for the crime, was acquitted.

Hon. N. H. W. Aaron, of Casey county, whose candidacy for Circuit Judge in this the 29th judicial district has been announced for several months, authorizes The News to state that he is no longer a candidate for said position. Mr. Aaron is an excellent lawyer and his many friends will regret his withdrawal.

Mr. Taft's message to Congress, urging a revision of the tariff, was sent in last week. The message was not lengthy, but a speedy reduction was urged. He also stated that all other legislation should cease until a tariff bill was passed.

Judge Hart's instructions to the jury in the Cooper-Cormack case contained thirty thousand words.

Evil reports are now being

published from the black tobacco district. A number of plant beds have been destroyed.

## Basil.

Every one is in sympathy with Mrs. Kittie Coomer of this place over the death of her father, who died the 29th of Feb. Mr. Wilson Yarberry was well-known through this community, having lived near here several years. He was sixty-four years old the day he died. He leaves a wife and eight children, all of whom reside in Adair and Metcalfe except Mrs. Mont Harper, who lives at Gainville Texas.

## JAKE

Will make the Season at my Barn, Montpelier Ky., at \$6 to insure a Living Colt.

JAKE is a bay stallion, 15½ hands high, very handsome, and possesses wonderful substance, speed and durability, and, the most perfect disposition of any horse I have ever owned or handled. He is sound in every particular, and will measure up to your demands, if you want to raise an all-purpose horse. His hind combines the highest class of trotters, tracing to the great Hambletonian 10, on both sides, in the second generation. His Hambletonian, 10, is conceded to be the greatest sire of trotters either living or dead, and Jake only being twice removed from him makes him, beyond question, a horse of rare breeding.

In every instance, money is due when colt is foaled, mare traded, removed or bred to other stock. All care taken to prevent accidents, but not responsible should any occur.

Joe Williams.

## Grey Lexington

The Red Bird Stallion

Is a Steel Grey, 16 hands high, and when fat weighs Twelve Hundred Pounds.

As an individual he is rather plain, but not any more so than Red Bird. On account of his plain individuality, for years old Red Bird's worth as a breeder was not known or appreciated. Having a common appearance he was given a poor opportunity to demonstrate his worth. For this reason he was fifteen years old before the public fully realized that he was the greatest sire that this county has ever produced. Red Bird is now owned by Judge Thurman, of Springfield, Ky., and though he stands at a high price he does not lack for patronage, and notwithstanding his age he can not be beaten by his appearance alone. Grey Lexington has the combined action of the saddle horse and the trotter. In harness he can go high and fast. No horse in Adair county, not standard bred, can pass him on the road. As a saddle horse he has five distinct gaits. Goes a nodding walk in some style, or can rack a mile on short notice. He is free from defects or blemishes, has good eyes, plenty of sense and is pleasant to handle. He has already proven himself to be a fine breeder. On account of his common individuality he has not had an opportunity to serve many first-class mares, but notwithstanding this fact if he has ever sired an inferior or undersized colt no one knows where to find it.

This is a statement that can be made about but few horses, and of course cannot be truthfully said of any horse that has had a great deal of custom. For Grey Lexington is now owned by Lloyd Watson, of Cane Valley. She is only two years old, but could not be bought for less than \$200.00. No one in Adair county has a better one regardless of breeding. His yearling colts are near Purdy, and of course were raised from common mares, yet they are far superior to colts raised from better mares that were sent away and bred to horses at a higher price. Any one can talk, but all people cannot prove their words to be true. For the proof of what I have said I refer any interested party to any colt ever sired by Grey Lexington. His colts are walking advertisements of his worth as a breeder.

### He will Serve Mares at \$10 to Insure a Living Colt.

Money due when colt is foaled or mare traded. Mares that have failed to produce for years and those intended for jockey purposes are not wanted. No responsibility for accidents will be assumed.

**PEDIGREE:** Sired by Red Bird 1956, A. S. H. R., he by Joe Brown 1955, he by Cabell's Lexington 3234. Red Bird's dam by Bailey's Dexter, he by Cabell's Lexington. Grey Lexington's dam, a standard bred mare entitled to register.

## COLONEL BRECKENRIDGE.

In peace or in war the mule is a winner. If you want a mule colt you cannot do better than to breed to Colonel Breckenridge. He was formerly owned by Wolford Bros., of Casey's Creek, and while in that section he proved himself to be a superb breeder. G. C. Russell, of Watson, raised a mule sired by this jack that was never defeated in a show ring when shown single. When it was four years old he rejected an offer of \$200.00 for it only one week before it died. Two mules sired by this Jack were shown in the two year old class at the Columbia Fair last year, one winning, the premium the other the certificate. This indicates that no better mules than his are produced in the county.

Colonel Breckenridge is a good individual, fifteen hands high and is in good condition to make a season. He will be permitted to serve mares at \$7.00. Terms make as those mentioned above.

The above named stock will make the season of 1909 on the farm of Jas. R. Wade on Green River two miles east of Absher, and two miles north of Purdy. Stock will be kept on south side of river.

Quite a number of young peacock colts in this section this season. Of course every one thinks that his is the best, as Col. Coffey, of Columbia, when he was in business here he made it a rule to tell the owner of every colt that came to this town that his was the best one he had

seen this season. Of course, it makes the owner feel good and certainly no disadvantage to the colt. However, D. C. Wheeler has the best one your reporter has seen this Spring, so far.

Uncle George Flowers has in his possession a twenty shilling certificate on the Virginia Jones River Bank, dated Sept. 1st 1775. This certificate was issued to his Father, Thos. ## Jordan Peacock

Number 1148

The Best Sire of Saddle and Harness Horses in the World.

Will make the Season of 1909 at his home in Gradyville, Ky., at the Low Price of **\$15 to Insure a Living Colt.**

JORDAN PEACOCK needs no introduction to the people. He has made his own reputation by breeding the right kind of horses that the people want everywhere. They are the kind that go under the saddle and in harness; they have the size; they have the style; they have the qualities; they have everything that it takes to make a first-class horse. They are the kind that bring the most money; they are the ones that bring the buyers from other states. Last fall Mr. U. S. Haynes, of Clarkdale, Mo., bought seven of JORDAN's colts at from \$100.00 to \$150.00 each. Did anybody ever know of any other horses' colts selling for such prices? Did you ever hear of any person buying such a number of colts and shipping them to other states by any other horse? Did you know that Mr. Otto Miller, of Moody, Texas, bought two of JORDAN's colts last December for \$1,000.00? Mr. Miller just came to Kentucky to buy one PEACOCK, but he liked them so well that he bought two. He has written me since he went home that he had made a mistake by not buying more of them. Did you know that Capt. Hampton, of Washington City, sent to this county last fall and bought one of the best saddle geldings that JORDAN ever sired? This is only a few of the sales of JORDAN's colts that have been made since last fall. I just mention these to show you that they are the ones that are selling and bringing more than double the price of any others. So don't fool your time away breeding to others; because they are close to you or because the owner of them is your friend. Look to your own interest and breed to JORDAN PEACOCK and get a colt and a good one for you know JORDAN never fails. I believe he is the surest horse living.

Below I will show you why JORDAN is the best breeder.

### Read His Pedigree
